

## **eAccounts for Small Guernsey Businesses – Price £10-00**

© Mike Vance 2007 All rights reserved

### **Description**

This ebook is intended to assist the many small business owners trading in the Bailiwick of Guernsey. It explains, with many examples, the importance of accurate and up to date record keeping and sets out to educate and inform its readers on a wide range of topics some of which may never have been covered in one publication before.

### **Contents**

Accounting terms, procedures and definitions  
How accounts for tax and other purposes are prepared  
How to reduce or eliminate accountancy and audit fees  
Do you need an accountant or are DIY accounts acceptable?  
Essential bookkeeping and accounts records  
Computer accounting software examples and possibilities  
Tax calculations, late submission fines and penalties  
Tax evasion problem areas, enquiries and investigations  
Social Security Contributions costs and problem areas  
Bank and other finance costs and methods  
Valuing and selling the business on retirement  
Zero 10 and the 'Black Hole' tax/other changes due
